## **SVC 8 : Big Return on Modelers For Hitting The Beach**

**CONGRATULATIONS to ALL WHO SHOWED & PLAYED AT SVC IN NEW LOCALE**  
*Text/Images: Mick Burton Additional Images: Vladimir Yakubov, Ernie Gee Models: Enthusiastic Entrants (cont'd on 3)*

**“ PLEASD TO REPORT FINISH of SEVENTH SPECIAL CONTEST ISSUE HOPE YOU LIKE IT ”**

With great relief and greater joy by far, your Editor and alumnus Contest Director presents the seventh time he has managed to realize a dream he has had, to make for his home club an issue like the ones he looks forward to after the IPMS USA Nats, “the Contest Issue” with all the guts and glory to be had over this event which tries many souls....

Begun this time in earnest at the end of August, tackled hard all through September which was goal publish month, and now at just past mid October, ready to go with some new tricks learnt to manage getting it to archivable size. I give you the schedule so you might consider what effort must be like for the NATS version, MUCH LARGER !!!

*I am in awe and humble thanks to Chris B. and his team who did so many Journal NATS issues, it's miraculous -mb*

**SVC 3 : Modelers From All Over Take Home Plenty of Our Awards**

CONGRATULATIONS AGAIN to ALL WHO SHOWED AND PLAYED AT SVC THREE  
The SVSM Annual Contest crew have been creating themselves over and leading the way so this has led to well over 18 contests years now. Begins well before that by the club's founders, with a March 1971 date in our archives recorded for our "First ever Northern California Regional Show & Contest" staged in a San Jose hall.  
In reviewing these early years and continuity of this current "Grand Show Contest" thing, I am amazed, hoping what is a passing moment to reflect that during this 50 year period, I now have 23 years of data collected for such detailed, specifically recorded, of how many model-makers, sponsors, competitors, winners and PRISM PRIZES. Very good data.  
While we also have some more similarities and such which can provide a lot of supporting insight, into those who wish to research or argue, the consensus range of this particular data collection not only serves its immediate purpose in supporting ongoing the specific event in real time, this also provides a very tough to argue that recognize the future needs.  
This year, the 1<sup>st</sup> Silicon Valley Classic under the Contest Director of President CD Mike Winkler and his team, has provided another solid chunk of evidence we can build a great party plus our best don't leave "home cooking" at any other past month periods which can provide an event in the "aftermath". AGAIN, A SUCCESS! See You! (and you!)  
Mick Burns

- 43) ENDPIECE FOR SVSM TAMS SPECIAL SV CLASSIC # 8 ISSUE

## Editor Look: SVC #8 As A Manner of Analytics

Text/Images: **Mick Burton**

*In Fall 2022, after a very trying series of postponements, SVSM 1<sup>st</sup> VP/ Contest Director Mike Woolson delivered the 7<sup>th</sup> SV Classic at the Napredak Hall. Mike had been at the helm of every Classic since he began them after taking reins from Mick Burton who closed out the last Kickoff Classic in 2013 at the Santa Clara Convention Center. Mike had moved us back to Napredak as a major cost saving measure. But after 9 years there hosting seven Classics and now Mike going on to other things, incoming E-Board found that Napredak now as expensive as the SCCC Hall. Without the benefit of 25k square feet for that kind of money. Re-tooling, restoring our exhausted monies while also trying to find someone who wanted to helm getting Classic back underway including finding new, affordable venue, saw us taking a 21 month layover. Happily, Chris Bucholtz found he wanted this project. More happily the Fremont Elks Lodge already having been proven out by similar use by Fremont Hornets, was found to be also available/affordable, and with great effort a mighty team forged a path to see us “Hit The Beach” with these results you now can peruse and consider here at your leisure:*

### STATS & SUCH FOR EIGHTH SILICON VALLEY CLASSIC 6/15/24

117 MODELERS ENTERED 429 Items (true total on table, as essentially no entry had additional items within “single entry item”, such as can occur with collections entries for instance )

(55 more modelers 117 more model entries than last contest year, was done in 2022)

105 Senior, 3 Junior, 9 Youth (Subjunior) class contestants in division (49 more Senior, 2 more Junior, 4 more Youth)

\*Breakdown: Of original 50 Senior categories, THREE had no entries, with FIVE split  
Of original 5 Junior categories, TWO had NO entries with no splits required  
Of original 5 Youth categories, NONE had NO entries with no splits required

\*Entries: 5 categories had NO entry, 3 Senior, 2 in Junior, 0 in Youth  
2 categories had only ONE entry (2 in Senior ONLY)  
6 categories had only TWO entries, 4 in Senior, 2 in Youth, 0 in Junior

With 4 split packages available atop the 50 categories ended up using FIVE (had added potential due 5 no entry cats)

If interested, I have for all SVSM annuals back to 1998, these sort of bottom line statistics in this format as shown above. If you need “sleep aids”, drop me a line at SVSM Editor [DENS25403@mypacks.net](mailto:DENS25403@mypacks.net), I'll share a copy with you

*There in fact were many, many success stories to report and analyze during, after the 8<sup>th</sup> SV Classic, however one of my favorites was that our efforts working with members of club who are also key players in other communities, again saw great entrant response in a newer set of categories. What you see below is an abundance of Gundam/Mecha, yes!*

*Gabriel, William and I weren't bored at the entrance desk either, as you may surmise in shots I took above. In fact one of our Junior entrants had 36 separate entries, was left somewhat incredulous that her entry fee was...yes, a dollar 😊*

Of 160 winning in category models, the modeler's stated city of residence break out as follows for year 2024, SVC #8

Antioch-1	Fresno-12	Oakley-3	San Leandro-3
Aptos-1	Galt-1	Orangevale-7	San Rafael-6
Brentwood-2	Hayward-1	Pacifica-2	San Ramon-7
Berkeley-3	Henderson NV-7	Pacific Grove-3	Santa Barbara-3
Campbell-3	Huntington Beach-1	Patterson-1	Santa Rosa-1
Castro Valley-3	La Crescenta-4	Pioneer-1	Scottsdale AZ-2
Catheys Valley-3	Manteca-3	Rancho Cordova-3	Sparks NV-1
Daly City-2	Martinez-2	Redwood City-2	Stockton-2
Dublin-1	Merced-1	Roseville-2	Sunnyvale-1
East Garrison-5	Monterey-2	Salinas-3	Vacaville-5
Fairfield-2	Morgan Hill-12	San Carlos-1	Windsor-1
Felton-4	Newark-2	San Francisco-3	
Fremont-3	North Las Vegas NV-1	San Jose -25	

Note above of course, that the number indicates a winning modeler(s) from that place. Additionally, three cases saw two states besides CA taking home several wins, 2 in Nevada (Henderson-7, North Las Vegas-1) and 1 in Arizona (Scottsdale-2) In any case, North and South fairly abundantly again represented here having at least 1 win. I think it illustrates how competitive and also judiciously judged SV Classic manages to be. By the way, although not showing here as he didn't place, we also had an entrant from The United Kingdom in the competition this year, thank you Mr. Ian Hartup of Leeds, for your participation with a Mustang Funny Car in category S31 Auto Comp. Closed Wheel !

The Special Awards break out continued a strong trend as spread in how they "worked out" all over, not just local:

SA1-Stars and Stripes	Santa Barbara
SA2-Best Beach Subject	San Jose
SA3-Best Pacific War Subject	Galt
SA4-Best D Day Subject	San Jose
SA5-Best Mustang Auto or Air	Fresno
SA6-Best Lockheed Subject	Santa Barbara
SA7-Best Competition Car	Fremont
SA8-Best Golden Age or WW1 Air	Dublin
SA9- Best Aircraft	North Las Vegas NV
SA10-Best Military Vehicle	Galt
SA11-Best Auto	Fremont
SA12-Best Ship	Scottsdale AZ
SA13-Best Figure Subject	Henderson NV
SA14-Best Space, SF, Fantasy	Daly City
SA15-Best Of Show Junior/Youth	Merced
SA16-Best of Show Senior	Scottsdale AZ

## ABOUT THOSE AWARDS

Speaking of awards, indeed, they are for the most part usually the second highest single item expense for these kinds of show events. This again was no different for SVC 8, and again there was basically almost no monies after the securing of the new locale which of course needed a deposit and a 30 days out pay of final rental on hand in interim.

Discussions in past about trying out "challenge coin" style lead to a fruitful effort, result with the new team members on SVC 8, and on the left is Senior 1/2/3 place awards at the show

With that dealt with handily, there had to be a practical solution that didn't go into high dollar/time intensive places, for the important Special Awards sets.

Chris Bucholtz came up with means to that end with an elegant recycling concept. Basically giving up a goodly number of the clear acrylic sandwich blocks that had been awarded him over years, to re-use with a nice twist

Namely as "Postage Service", as all these new Specials for SV Classic 8 came as themed US Postage Stamps, along with a new award badging adhered to each that identified award, added class to the "brick", nice & affordable

Below, this is the Best of Show Junior/Youth

Here in the capable digits of our "Sarge" Frank Beltran, who volunteered to be "spokeshands" for me to get this picture in midafternoon before the awards presentation occurrence, is a look at the Best of Show Senior. Which is given in memory of Ted Kauffman, a long time member of the original South Bay Chapter which continues to this day as the SV Scale Modelers

Here are Best Aircraft (SA9), Best Space, Science Fiction or Fantasy Subject (SA14) Special Awards above.

Best Figure (SA13)

Best Automotive (SA11)

Best Military Vehicle (SA10)

Best Ship (SA12)

Quite a feat in my view, getting the topical Postage for each of these and they are on it!

Best Pacific War Subject (SA3)

Best Beach Subject (SA2)

Best D-Day Subject (SA4)

Stars & Stripes Award (SA1)

T

Choosing to go with the "Hit The Beach" theme was very good, as yes plenty of latitude in how to employ/apply that for Special Awards. Nicely folded in was the Stars & Stripes which had a matching theme to a IPMS USA Nats award!

Best Mustang (SA5)

Best Competition Car (SA7)

Best WW1 or Golden Age Aircraft (SA8)

(as well as team tennis, college football & Ayrton Senna ) was dear Angelo Deogracias, better known to me as SPAD. He sponsored this Best Competition Car Award in honor of Ayrton Senna after his untimely death in 1994 for us until his own untimely passing in 2012. 3 of us continued award in Angelo's memory all the way through SV Classic # 6.

Again a lot of added story here that doesn't always get across, which is why I enjoy doing these newsletters.

The Best Mustang was either Air (NA P-51 family) or Auto (The Famous Ford), both were named for the fleet Wild (feral) free roaming horses of the American West

2024 is the 60<sup>th</sup> anniversary of the Ford version, and it's always a popular subject in model terms, excellent pairing

The George Lee Family Award is in honor of a legend in SF Bay Area modelling as well a name known around the Modelling World globe, dear Mr George Lee. The IPMS USA gives the Judges Grand Award (Senior Best of Show) nowadays as :The George Lee Grand Award, and this is who they are referencing. George was a superb gentleman and a master scratchbuild modeler, IPMS USA member and long time member of the legendary Golden Gate Chapter which was formally known as IPMS-San Francisco. Several of us were fortunate to have had time with George and known a goodly number whose lives he touched like ours. Chris has stayed in touch with the family over the years and it's great we could do a little something to honor him again in his own part of the world.

Another who left us far too soon and was another gentleman of stout heart, fierce honor, passionate about his modelling

One more Special here, SA6 The Best Lockheed Subject award, which was the Bob Diehl Memorial. Chris knew Bob. Bob was a silent but might contributor to the SVSM over the years, and Chris saw to it we honored him in classy style. The picture above shows Bob's daughter giving the award to the winner (who hailed from Santa Barbara and won with his great 1/48<sup>th</sup> P-38) whilst Chris and all look on. Very nice work, Mr Contest Director.

And to wrap up this article, a shot of the lovely Eugenie Ray who was a very key part of this event getting launched, as she applauds hand off the Senior Best of Show award to a lad from Scottsdale Arizona, who won with a scratchbuilt model boat, as winner takes hand off from the shy but lovely other key lady in the event's disposition, Christine Meyers who saw to it her husband Bob made raffle operations magic and with Eugenie, the awards ceremonies very smooth.-mb

=====

117 ENTRANTS brought in 429 ENTRIES  
for a spirited competition  
in SVSM's SV Classic return, after a 21 month hiatus

Hats Off to all of them and to the splendid new locale

\*\*\*\*\*-Fini mickb

-----

PLEASE SHARE THE JOY OF OUR HOBBY AND FRIENDS  
Because it seems sometimes more than a few forget this :

THE ONE TRUE RULE OF MODELLING (if ever there is).

*If you're having fun,  
Then you're doing it right.*
